

## AN ANNOUNCEMENT OF PRESS GLASS SA, DATED ON MARCH 12, 2020 REGARDING THE CORONAVIRUS (COVID-19)

---

Press Glass SA continues to monitor the progression of the Coronavirus (COVID-19) and the potential effect it may have on our staff and business.

We would like to inform you that all our plants are currently operating without any disruptions and we are ready to fulfill present and future orders of our customers.

Our stock of all components needed for the insulated glass units production is secured. Raw glass deliveries, from glassworks located in a short distance from our plants, are according to the schedule. We also keep large stock of other components, such as e.g. sealants and spacers. Currently it is at its maximum defined level and is supplemented on a regular basis.

We have implemented necessary safety measures in our plants and offices. This includes restrictions on travels, meetings and other planned events, as well as contingency planning in our production sites.

Recent investment projects in our plants are coming to an end and the engagement of employees from external companies has been limited to the necessary minimum.

We haven't noted any disturbances in deliveries of our goods to clients. The transport companies we cooperate with informed us of the increased availability of trucks.

We are monitoring the situation and will inform if there are any factors that could influence daily operations in our plants and planned deliveries.

We are also ready to provide our customers with temporary support in the event of disturbances connected with the availability of processed glass.

A handwritten signature in blue ink, appearing to read 'Wozowicz', is centered on the page.

Tomasz Wozowicz  
CEO
