Instructions for use

The ift Product Passport provides evidence of the general performance of the designated product families as set out by the product standard. The values/classes indicated refer both to the specific object described in the specific evidence of performance and the scope/field of application defined by the ift system passport.

Application of the performance characteristics is subject to the national technical provisions referring to building construction and the respective contractual provisions.

This Product Passport can be used by the manufacturer to draw up the declaration of performance in accordance with the Construction Products Regulation 305/2011/EC and for issuing the ift Certificate of Conformity, which documents the conformity of the finished products and the factory quality/production control through regular third party audits of the manufacturers by the ift Rosenheim.

Notes on publication

The ift-Guidance Sheet "Conditions and Guidance for the Use of ift Test Documents" applies. The cover sheet can be used as an abstract.
